21st April 2010

Dear Angie

I write to you to voice some concerns pertaining to our recent Trophy Show Weekend, concerns I am sure you will share.

It has been brought to the attention of our Committee that some of our member's behaviour has exceeded the normal high spirits, that one would expect from what has become a social event, in which our Members attend from all corners of the World.

First and foremost dog showing is very much a family affair, a state of which we intend to preserve. In view of this I have discussed at length with The Bull Terrier Clubs Committee, a course of action with which I hope you will agree, this of course will have mutual benefits for both parties.

Basically what I propose is a formal arrangement, in which where anyone has for whatever reason, been refused access to a room in your hotel, we will refuse that person entry to our show and of course this course of action would be reciprocated by you, in that were we to exclude someone the same actions would be taken by yourselves.

I hope that the proposed sanctions find favour with you, as I feel that we both need to send a message to the tiny minority who as usual spoil things for everyone.

Thanking you in Anticipation.
Yours sincerely

Terry Hylands
Chairman
